

EXTRINSIC^{LLC}

EXCEPTIONAL IT SOLUTIONS

Domestic Sourcing

Information Technology

Extrinsic LLC. offers low-cost, high quality information technology services at 30%-50% cost saving while supporting Regional Economic Development. The well-known Management team brings experience from Fortune 500 Companies and has established a reputation for Customer Service and Results.

Our convenient locations allow us to work closely with you, yet offer competitive rates with major metro areas. Contact us today to find out more about our technology capabilities, available skills, and our services that will benefit you the most.

Company Model

Offshore outsourcing models have proven that information technology service providers can produce quality results regardless of their location. Extrinsic is using that same model for information technology services and support in rural America.

Our Commitment

Employing a talented IT workforce in underserved regions, funding and training for long-term business sustainability, investing in the regions in which we operate, but most of all, delighting our customers with high quality IT solutions.
